February 02, 1999.

Dear Music Lovers,

I have known Mr. Nandi Duggal for a long period and throughout my association with him have admired his knowledge of music. He has always patronized young and upcoming talent. Personally, I value his contribution to the music industry.

Mr. Nandi Duggal has got two studios in Wadala, Mumbai. To encourage young singers and newcomers, Mr. Duggal has got a vast library of repertoire. His studio has got hundreds of songs on which singers can dub their voice, practise popular songs, make demo tapes, etc.

My suggestion to new talents is that they should grab this chance in order to improve their singing and become professional singers.

I wish Mr. Duggal all the very best in his endeavours.

Kind regards,
